### The Pay of Witnesses. Some cowardly skulker, very likely little

Davy himself, under the signature of East Providence, inquires why Mr. Schell killed the fall to increase the pay of witnesses to \$1 per day and mileage. We will answer him. A member of the House from Jefferson county, presented numerous petitions asking

for such a change for that county. In compliance with the request of the petitioners, a bill was introduced to carry out their prayer. When the bill was called up, several mem bers from other counties, moved to have their

respective counties inserted in the bill. The German or Irishman, who a single petition being sent to him from Bedcan read this and then vote for Lincoln, has ford and Somerset counties, praying for such a change, moved to insert in the bill the counties of Bedford and Somerset. The bill was brought to the Senate. At least six or eight counties were included in the bill, and vet not a single Senator representing those counties, would call up the bill. Why !-Because they had nover received a letter or petition from any of their constituents asking such a change. What right had Mr. Williams or Mr.

Schell to introduce and pass such a bill unasked by the people? If the people who have to pay these fees, or the people who receive them, were desirous of having the witness fees raised from 621 cents to \$1 per day, why did they not write or petition to Mr. Schell. He is not the man to disregard their wishes on any subject. Mr. Schell declined to have anything to do

with the bill, because he had no word from his constituents on the subject. He never received a letter, or a petition, on the subjec from any body, either in or out of his district.
